Sir:

REQUEST TO RESCIND REVOCATION OF POWER OF ATTORNEY  
AND TO REINSTATE PRIOR POWER OF ATTORNEY

On April 3, 2007, the Patent Office mailed a Notice Regarding Change of Power of Attorney in connection with the above-identified patent application. In said Notice, the Patent Office advised the undersigned that the power of attorney to the undersigned had been revoked by the assignee.

Applicant respectfully submits that the aforementioned Notice was mailed in error as the Assignee of the present application has not revoked the power of attorney to the undersigned. The assignee of the present application is Epigenomics AG, as evidenced by the assignment recorded in the Patent Office on January 25, 2007, at Reel 018819, Frame 0278. Epigenomics AG has not revoked the power of attorney to the undersigned for this application.

Apparently, the reason for the error is that a Revocation of Power of Attorney has been filed by the New Jersey Institute of Technology in connection with U.S. Patent No. 6,563,940, said Revocation incorrectly identifying its corresponding application number as USSN 10/585,682 (which happens to be the application number of the present application) when, instead, it should have identified its application number as 09/858,682. As a result of this error, said Revocation has incorrectly been associated with the present application.

In view of this error, Applicants respectfully request that the Revocation of power of attorney in the present application be rescinded and that the prior power of attorney to the undersigned be reinstated. Applicants further request that the Patent Office notify the undersigned once it has rescinded the Revocation and reinstated the prior power of attorney.

If there are any fees due in connection with the filing of this paper that are not accounted for, the Examiner is authorized to charge the fees to our Deposit Account No. 11-1755. If a fee is

required for an extension of time under 37 C.F.R. 1.136 that is not accounted for already, such an extension of time is requested and the fee should also be charged to our Deposit Account.

Respectfully submitted,

Kriegsman & Kriegsman
